#### Sunday Base Ball.

No one can deny that Judge Wallace of Kansas City has demonstrated heroic, if misguided, courage in his efforts to prevent the desecration of the Sabbath. Theatres, sacred concerts, cigar stores, and other enticements of the evil one have been condemned and closed, in order that those who would be compelled to toil in those occupations may wander in green fields and listen to the babbling brook.

With a conception of Sabbath observance that would be more in keeping with witch-burning days he has attempted to stem the tide of modern frivolity and enforce his restore. In the face of opposition he has held strenuously to the course mapped out for himself until he has won a record for Spartan courage.

But alas and alas, all that he has accomplished is now as a tale that is told, for in his career as a Sabbath observer he has met an obstacle he cannot remove, to wit, the great American game of base ball, before the devotees of which his crusader's crest has bowed in submission.

He could and did prevent the giving of sacred concerts, thereby relieving the musicians of labor and an opportunity to earn a few honest dollars for the support of their families, but when he faced the "fans" he capitulated, basing his action on the declaration that Judge Marshall of the supreme court had declared base ball "an innocent sport."
